

Introduces 'BORING SYSTEM' that makes hole making convenient and cost effective. Having been in the machining field for more than a decade and with a lot of experience in fine boring and rough boring, we have tried to offer a range that will be useful and convenient to all user (both for production and one off application).

We have made it economically affordable so that even small machine shop can afford to use them.

The range and boring length have been so designed that it can be used for most of your needs, with minimum number of tools, accessories and inserts.

We have rough boring heads from  $\text{Ø}18$  mm to 200 mm and finish boring head from  $\text{Ø}6.0$  mm to 200.0 mm.
